# DON'T LOSE YOUR FOCUS

Aptl. Edmonds Owhorode

In a troubled world people are easily distracted by so many things. It is required for us to live a focused life and maintain that focus. Many things in this world will distract the believer if he or she is not committed to following the revelation he or she received from the gospel of the Lord Jesus Christ.

Many Christians think prayer is the most important thing in Christianity, therefore care less about very important aspect of walk with God like 'FOCUS'. If the Lord Jesus needed focus to get through the cross of Calvary and His entire ministry on earth, then you and I certainly need focus to accomplish God's purpose for our lives. Learn and pay attention to focus in your life.

What is Focus?

Focus is the ability to give a mental picture to the word of God and to consistently remind ourselves of that picture no matter the situation we find ourselves in life. It is the ability to see the will of God with the gift of imagination. Through your imagination you can visit your future and in the natural you can work yourself to that which you see.

Focusing enables you to accomplish your target. Sometimes when we experience

delay in our expectation we tend to look away from God, there is no other help out there for the Christian. This is the time you should focus. Whenever you have reasons to be distracted that is the time you should focus. It is the right time to focus, especially when you have reasons not to focus on God's word. No matter how reasonable, cogent and legitimate that may be, don't be distracted.

There are 3 needful factors for your life of focus:

- (a) God's word
- (b) Relationship with the Holy Spirit
- (c) Patience

Those that wait upon the Lord shall renew their strength. These three factors will enable anyone to focus like the Lord Jesus did. Many of us started well, but not many of us end well in

our different endeavors in life. This is one of the most consequential reasons why you and I should focus. If your focus is right, you will start and end greatly because the Lord is Alpha and Omega the Beginning and the End. If you focus on Him, your end is CERTAIN; it is glorious.

Don't give reasons or excuses for your distractions. Go for your purpose. Your loved ones shouldn't be a reason for your distraction. In addition, your job, relationship, responsibilities, academics and

such shouldn't distract you. People make five or more reasons why they cannot focus on their purpose or inspiration in life. Don't be that way. Be inspired and be focused.

I believe that as you read this article, the power of the Holy Spirit will enable you to recover your focus if you have lost even the slightest consciousness of your focus. I believe I am sent to help you recover your focus. Don't give up because of your failures. I see your "focus in life" resurrected in Jesus Christ's name.

You may have a vision for your children or your child, about yourself, for your relationship with God, that vision you have to help the poor and the needy, your career and others too numerous to mention now, it will come to pass only if you re-focus.

Don't forget your imagination is a gift from God to enable you to focus. Imagination will create the right vision. Every verse in the Bible can become a picture by the gift of imagination. People imagine stupid things and finally rebuke it in the name of the Lord. Why use your divine authority for wasted imagination. Use your imagination to make the Bible pictorial. Such exercise will engage your spirit man in meditation upon God's word quickly. Don't lose your focus because of your situation.

Once your focus is distracted the enemy can get you to speak against your faith. Learn to distract your distractions. Bishop *David Oyedepo*, the founder and senior pastor of Living Faith Church International, Lagos Nigeria, the man of God told me a few years ago when God lead me and my associate to meet him. He said to us, "Lack of focus makes many failures in the body of Christ". It sunk into my mind. Few years later, I found out that this

"Lack of focus makes many failures in the body of Christ"...

unconsciously paraded my personality in my walk with God and pursuit of my divine destiny.

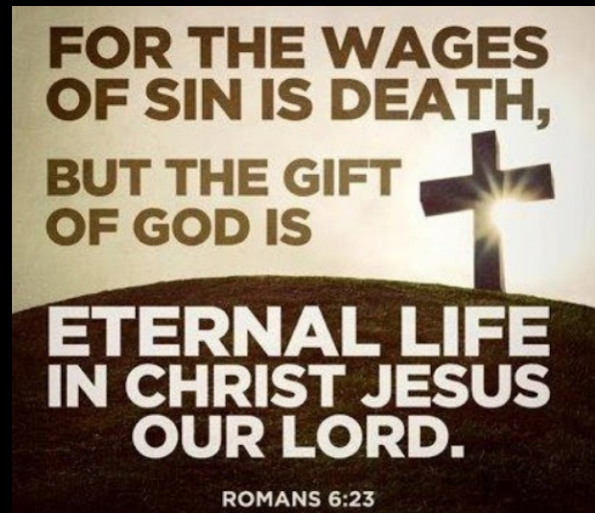

God's word transforms non-entity into a divine identity; it makes the rejected accepted. God's word is worthy of our focus. You will never lose anything for attending to God's word. When you are focusing on God's word, you are not permitted to look at other things, especially your weakness and failures. Feed your concentration on God's word. Don't let your failures and weakness distract you.

**Practice Dual Focus**

Dual focus is the practice of comparing your walk in this life with the reality of God's word Jesus Christ. Don't think about the weakness of others no matter how close they might be to you; it is very distracting. It is time for you to pair up with the word. Your focus is your life!

Many years ago a man was sentenced to death. He had the only option of holding a cup filled with water to the brim and walking a short distance amidst two groups of people in his right and left hand side. These people comprised of his friends, family members and enemies. The instruction given to these people were to distract the man from concentrating on the cup of water so that he may drop water off the cup at the slightest shake of his hands. Mean while, there were professional warriors at both sides of the crowd with either a very sharp axe or sword in their hands to cut off the man's head, if peradventure any drop falls to the ground from the cup of water he was holding.

ALL HAVE SINNED. Not one of us is free from sin except by the sacrifice of God's son Jesus Christ. Receiving Jesus Christ is receiving love, because God is Love. Don't think your good works will forgive your sins, no man and nothing can forgive sins. Jesus Christ is the word of God that became flesh and dwelt among us, He is the only one that can forgive sins. Prayer the prayer below and receive forgiveness of sins and eternal life today.

**God of heaven and earth, I come to You in the name of Your son Jesus Christ, I accept Your testimony about Him and I believe you sent Him to die for my sins, and that You raised Him from the dead the third day. By faith in His sacrificial blood, I confess that I am saved, and that I am a part of Your family on earth and Jesus is my Lord now, thank You Father in Jesus Christ's name (amen).**
